

ABOUT KELA

KELA Targeted Cyber Intelligence was established in Tel Aviv, Israel in 2009. Offering a wide range of advanced proprietary technologies, KELA provides intelligence on threats targeting governmental agencies and corporate enterprises worldwide.

OUR TEAM

KELA is comprised of more than 100 intelligence and technical experts all leveraging unique skills from Israel's elite military intelligence units. The combination of intelligence backgrounds and professionalism in the cyber world, enables KELA's team to develop high-end technologies and analyze complex data from an intelligence-point-of-view.

OUR MISSION

KELA Group's mission is to integrate experiences and methodologies from the Israeli Defense Forces' elite intelligence units for revolutionizing cyber, HLS, and finance. Our success is based on a unique integration of automated technologies and qualified intelligence experts.

KELA Targeted Cyber Intelligence continues to lead the threat intelligence market, providing solutions and support in monitoring the Darknet to prevent potential cyber-attacks for enterprises and government agencies.
